HOLIDAY HOMEWORK
CLASS - IV
Session 2026 - 27

☀ Summer days are bright and sweet,
Filled with learning, fun and treats.
Read, create and laugh all day,
Make happy memories all the way! 🌈

Let's have fun and work together during this summer break.

Dear children,

Summer vacation is a wonderful opportunity to strengthen family ties by sharing happy and challenging moments, enjoying quality time together, and following your passions.

- Keep yourself busy with meaningful activities, maintain a regular exercise routine, and take proper care of your health and personal hygiene.
- Choose light, nutritious meals—avoid oily and heavy food—and include plenty of fresh fruits and water in your diet to stay refreshed and energetic.
- Stay indoors as much as possible, and only step out only when absolutely necessary. Always follow safety precautions and prioritize your well-being.
- Make it a habit to read the newspaper daily to stay informed, and don't forget to revise the lessons taught during April and May.
- Take up a summer activity that interests you, and set aside time for yoga, physical exercise, or meditation to enhance your mental and physical well-being.
- Contribute at home by doing simple weekend chores such as organizing your cupboard, wiping the kitchen counter, watering plants, and making your bed neatly.
- Practice speaking in English with your family and friends—it's a great way to become more confident and fluent in the language.
- Take relaxing walks with your family—you'll come to appreciate two of life's greatest blessings: **Nature** and **family**.
- Knowledge is a true source of power. To help you use it wisely, we have thoughtfully prepared your Summer Break Assignments. These tasks are designed to spark curiosity, encourage creativity, and nurture sensitivity. They aim to help you develop a mindset that values exploration, discovery, and new learning.
- Use your creativity, ideas, and knowledge to complete the assignments. Present your work neatly and make it visually appealing by adding relevant illustrations.
- Take good care of yourself—stay safe and stay healthy!
